Job Reference: Project Engineer (Civil)

Dear Hiring Manager,

I am writing to express my interest in the Project Engineer (Civil) position at the Pilmico Foods Corporation – Aboitiz Company, as advertised in LinkedIn. As a licensed Civil Engineer with a strong background in civil engineering discipline, I am eager to contribute to your team.

My 240-hour internship at Palawan State University's Project Management Office provided me with valuable insights into project management. Additionally, my role as a Freelance Draftsman and Quantity Surveyor has sharpened my skills in STAAD, AutoCAD, and Revit. Working as an Energy Trader further developed my analytical and communication skills, enhancing my ability to make data-driven decisions and collaborate effectively with diverse teams.

Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to Pilmico Foods Corporation and support its growth in the agribusiness landscape.

Sincerely,

Elyson Panolino
